1	1. makes use of computer Communication Technology along with IOT to manage and distribute							
resourc	es effectively.							
a) Smar	t cities	b) sm	art ways					
	t Planners	d) Smart Tec	-					
	ider the given list: L=	=[Deini , Wumbai ,	Kolkata , Chennal J					
	: L [3:2] returns?		onnoi' 'Kolkoto'l					
a)Empt	-		nennai','Kolkata']					
	 c) ['Chennai'] d)['Kolkata','Chennai'] 3.is system of artificial intelligence, wherein computers have the ability to learn from data using 							
Statistic	Statistical Techniques without being explicitly programmed by a human being.							
a) Artifi	cial intelligence	b) Ma	achine learning					
	c)Data science d) Big Data 4. What will be the output of the following:							
	ange (0,10,2))	C C						
a) 0,2,4	,6,8	b) rar	nge (0,8,2)					
c) error		d) 0,2	2,4,6					
5. Find	5. Find the output of the given code							
x= int (input ("Enter value of x:"))								
for in ra	ange (0,10):							
if x	==y:							
	print (x + y)							
else:								
-	it(x-y)							
6. Explain the Role of Operating System.								
7. What	7. What is the degree and cardinality of the below-mentioned table?

8. A Learnpython4csbe maintains a List 'School' that contains many values. Write the most appropriate list method to perform the following task with python statement of each function.

(a) Delete a given value from the list.

(b) Delete the 2rd element from the list.

(c) Add single element at the end of the list.

(d) To sort the given list in ascending order.

(e) To return the element with minimum value from the list.

9. i) A relation 'Seller' has the following attributes:

(SNo, SellerName, Sale date, sale_Qty, Saleprice)

Write a command to insert a single row in the table mentioned above. (Assume appropriate values)

ii) Ms. Nita wants to retrieve non duplicate values from the attribute 'S_Subject' from the table

'Teacher_Details' .Which clause should she use to retrieve the same?

iii) Is Null same as ' ' (a blank space in quotes) in MySQL? Write reason to support your answer.

iv) Two wild card (_ and %) are used with ______ operator in MySQL.

10. Consider the table 'Student Details' given below and write suitable SQL queries of the following:

Table: Student Details

S_ID	S_Name	Subject	Marks	DOB
101	Amit	NULL	24	2018-04-12
102	Sumita	Science	26	2020-07-20
103	Raman	Maths	27	2019-04-23
104	Rahul	Science	31	2021-10-15
105	Kavya	Hindi	30	2022-10-12

i) Display the S_Name and Marks by increasing the marks each by 1.

ii) Display S_Name of all those Students whose date of Birth is after 1st Jan2019.

iii) Display S_ID and S_Name of all those Students whose marks are in the range of 25 to 30. (both values included)

iv) Display the details of all those students who have not assigned any subject.

v) Display the details of all those students whose subject is either Hindi or Science.
